

MOTIVATIONAL INTERVIEWING

ONLINE TRAINING – 8 CECS

DESCRIPTION:

The Motivational Interviewing (MI) Training is designed to bring a foundation of best practices and innovative approaches to human service providers. According to the founders, William Miller and Stephen Rollnick, "Motivational Interviewing is a collaborative, goal-oriented style of communication with particular attention to the language of change. It is designed to strengthen personal motivation for, and commitment to, a specific goal by eliciting and exploring the person's own reasons for change within an atmosphere of acceptance and compassion." Motivational Interviewing is a critical tool for those in the helping professions. Many clients have substantial difficulty making changes around lifestyle and treatment, which are needed to live a healthy life.
